Eugene Chamber of Commerce: Greeters, 2012-present

### **Personal Background**

My husband Scott and our daughter Melia moved to Eugene from Florida in 2012 to be closer to our West coast roots. My passion to make positive change in the lives of those around me is what drives me as a Vision Therapist. My family and I spend our time exploring our natural surroundings and soaking up all life has to offer. I love the performing arts, reading, and inspiring conversation.
